

# ABC USERS SUMMIT

HEALTH CARE • INDUSTRIAL

JW Marriott New Orleans | Oct. 19-20, 2017

Health Care

Industrial

United Group Services is a team of highly skilled professionals specializing in the delivery of successful construction projects. We are known for our core values: safety, quality and service... not limited by borders or boundaries.

[united-gs.com](http://united-gs.com)

**Users Summit Steering Committee Chair:** Kevin Sell, *United Group Services*

#### Health Care Steering Committee

<p><b>Chair:</b> David Pugh <i>Bradley, Arant, Boult Cummings LLP</i></p> <p>Jack Darnall <i>Brasfield &amp; Gorrie LLC</i></p> <p>Ryan Wathen <i>Rodgers Builders</i></p> <p>Danny Gibson <i>MetroPower Inc.</i></p>	<p>Graham Howard <i>ADAMS Management Services Inc.</i></p> <p>Angela Latino-Geier <i>ABC New Orleans/Bayou Chapter</i></p> <p>Joe Powell <i>National Institute for Healthcare Infrastructure</i></p>
---	--

#### Industrial Steering Committee

<p><b>Chair:</b> Sam Stiteler <i>McCarthy Building Cos. Inc.</i></p> <p>Joe Clements <i>LGE-KU</i></p> <p>William Clouatre</p> <p>Shane Kirkpatrick <i>GROUP Industries LLC</i></p>	<p>David Mayer <i>Barriere Construction</i></p> <p>Mike Newell <i>Duke Energy</i></p> <p>Ryan Odendahl <i>Kwest Group</i></p> <p>Donn Peterson <i>GROUP Industries LLC</i></p>
---	--

**WiFi:** Connect to SSID: JWMarriott\_Conference  
Password: ABC2017

#### Medical or Emergency Procedures:

Loss prevention officers are first responders to all emergency and medical calls, trained in CPR and first aid. Necessary action is taken depending on the nature of the call and the request of the guest and/or associate.

#### Evacuation:

The hotel uses a PA system to communicate to all areas of the hotel in an emergency. In case of an emergency, guests will be instructed to take the blue staircase located on the third floor to the hotel lobby. Once in the lobby, guests will continue to walk through the hotel to Canal Street and gather by the New Orleans Marriott Hotel located across the street from the JW Marriott.

Welcome to the fifth annual ABC Users Summit!

Thank you for being here with us. I commend your leadership, commitment and desire to improve communication and collaboration between contractors and the owner community. We all win when we are focused on the collective goal of improving the construction delivery process and execution.

Whether you are a past attendee or a first-timer, an owner or a contractor, I am confident you will leave New Orleans enlightened and energized with new ideas to strengthen your relationships and enhance the delivery of high-quality, high-value construction projects.

I encourage you to make the most of your two days with us. You are surrounded by leaders in health care and industrial construction, all of whom have come here to share knowledge and best practices. Ask your colleagues how they have tackled a specific issue, found efficiencies, improved their safety record and enhanced the value in their relationships.

Be sure to download ABC's Events app to find program details and connect with other attendees. If you are interested in having follow-up conversations with the panelists, you can email them directly through the app. You can also comment and provide feedback on the sessions. Download or update the ABC Events app on your smartphone or tablet at iTunes or the Google Play store.

I'd like to recognize members of the Steering Committee for their leadership, our event sponsors for their financial support, and all the presenters and moderators who have generously offered their time and talent for our collective benefit.

Have a great summit, and let me or any of the ABC national staff know if you need assistance while you are here in New Orleans.

Kevin Sell  
Chief Values Officer  
United Group Services  
ABC Users Summit Steering Committee Chair

EXPECTATIONS

# Wednesday, Oct. 18

## SESSIONS

4–5 p.m.

### Happy Hour

Lobby Mezzanine

Hosted by ABC at the JW Marriott

# Thursday, Oct. 19

12–12:30 p.m.

### Lunch

Ile de France Foyer (3rd Floor)

12:30–1:45 p.m.

### Opening General Session

#### Understanding the Impact of STEP on Overall Safety Performance

Ile de France Ballroom II and III (3rd Floor)

**Speaker** *Greg Sizemore, vice president of health, safety, environment and workforce development, ABC National*

Data collected from more than one billion hours of work provides empirical evidence that implementing Safety Training Evaluation Process (STEP) best practices can produce world-class construction safety performance. The best-performing STEP companies are 770 percent safer than the industry average.

1:45–2 p.m.

### Break

**INVITE A COLLEAGUE  
TO RECEIVE **

Visit the Subscription Center today:  
**[constructionexec.com/invite](http://constructionexec.com/invite)**

# Thursday, Oct. 19

2–3:15 p.m.

## HEALTH CARE TRACK

### Process Metrics: Measuring the Quantity and Quality of Professional Collaboration in the Construction Process

Ile de France Ballroom I (3rd Floor)

**Moderator** **Joe Powell**, executive director, Healthcare Infrastructure Research

**Panelists** **Anthony Critchlow**, regional contracts manager, Kaiser Permanente

**Kevin Kuntz**, president, southeast division, McCarthy Building Cos. Inc.

Data and experience strongly confirm that the more collaboration between the parties involved in the planning, design and construction of health care facilities, the better the outcome in terms of efficiency, cost effectiveness, quality and overall satisfaction with the final product. To maximize professional collaboration requires the companies and professionals involved to depart from the traditional adversarial posture. This session features a discussion of suggestions for identifying, measuring and maximizing the level of professional collaboration in the process.

## INDUSTRIAL TRACK

### Stacking the Deck with the Safest Associates in the Industry

Ile de France Ballroom II and III (3rd Floor)

**Moderator** **Joe Clements**, director, power generation commercial operations, LG&E and KU Services Co.

**Ryan Odendahl**, president, Kwest Group LLC

**Panelists** **Dr. Steve Byrum, Ph.D.**, president, The Judgement Index

**Michael Casten**, founder and principal, Construction Concepts

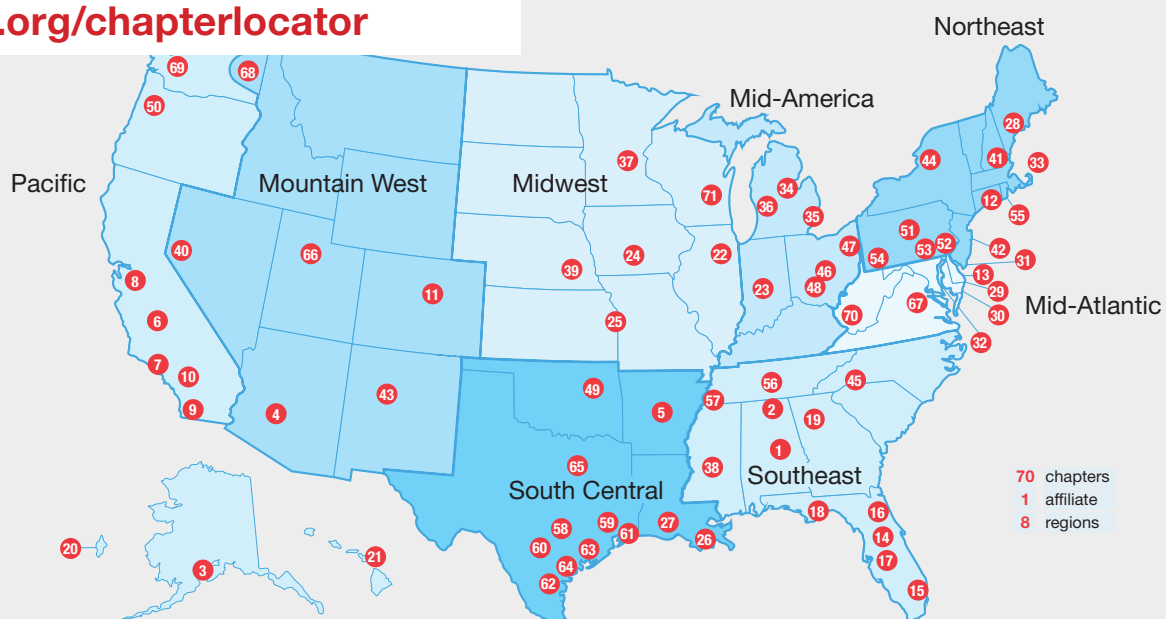

**Greg Sizemore**, vice president of health, safety, environment and workforce development, ABC National

This interactive session will focus on how contractors and owners are recruiting, onboarding and retaining highly motivated safety leaders at all levels of the organization:

- What is the current industry standard for locating and hiring associates who put safety first?
- What are the top firms doing to onboard quality associates and orient them to the firm's safety culture?
- Outside-of-the-box ideas for associate selection.

Come learn and share best practices, including research from ABC and NCCER.

Find an ABC Chapter Near You  
[abc.org/chapterlocator](http://abc.org/chapterlocator)

3:15–3:30 p.m.

## Break

3:30–4:45 p.m.

### HEALTH CARE TRACK

## Eureka! The Most Exciting and Surprising Product and Process Innovations in Health Care Construction

Ile de France Ballroom I (3rd Floor)

**Moderator** **Joe Powell**, executive director, Healthcare Infrastructure Research

**Panelists** **Scott K. Bell**, executive director, facilities, planning and design, Kaiser Permanente  
**Stella Fiotes**, executive director, Office of Construction and Facilities Management, Department of Veterans Affairs  
**Jerry Nickerson, Jr. PE, CxA, CMVP**, vice president, facilities and development, Parkland Hospital Health System  
**Judy Quasney**, director, Office of Workplace Solutions, National Institutes of Health  
**Brian J. Spencer**, manager, facility planning, University of Nebraska Medical Center  
**Dana E. Swenson**, senior vice president, facilities, UMass Memorial Healthcare

Today's top health care system owners discuss the most innovative approaches to solving the problems typically encountered in the planning, design and construction process. The examples discussed will be from actual project experiences within the last three years.

### INDUSTRIAL TRACK

## Project Scopes: The Myth of Clairvoyance

Ile de France Ballroom II and III (3rd Floor)

**Moderator** **Shane Kirkpatrick**, president, GROUP Industries LLC

**Panelists** **Kenneth Madison**, vice president of business development, Saiia Construction Co.

**Todd Marks**, executive project manager; Jacobs

**Jim McDowell**, PMT contract execution manager, Honeywell

Conditions and constraints of the industrial market do not always allow for complete design documents or an extensive amount of time to plan a project. How clients and contractors collaborate to properly execute projects is critical to success. This panel of end users and contractors will discuss how they are currently addressing these issues and will provide insight on methods of continual improvement:

- How can owners get suppliers/contractors involved earlier?
- The benefits of joint scope development
- The budgeting hurdle: how to shorten or expedite the budget process to allow more planning time post award
- Listening to your suppliers...you hired them for a reason
- The trust factor and its impact on bottom line
- Improving checkpoints in the planning phase to ensure a project is meeting expectations for all parties
- Best practices and successes.

6:15–7 p.m.

## General Reception

Rex Room and Terrace (8th floor)

7:15–9 p.m.

## Dinner

Ile de France Ballroom II and III (3rd Floor)

9–10:30 p.m.

## After Party

Executive Lounge (Lobby Level)

# Friday, Oct. 20

7–7:45 a.m.

## Breakfast

*Ile de France Ballroom II and III (3rd Floor)*

7:45–8:15 a.m.

## General Discussion

*Ile de France Ballroom II and III (3rd Floor)*

Attendees process information from Day One and share learning and aha! moments.

8:30–9:45 a.m.

### HEALTH CARE TRACK

## Obamacare vs. Trumpcare: Health Care Legislative Developments and How They May Affect Construction

*Ile de France Ballroom I (3rd Floor)*

**Moderator** *David Pugh*, partner, Bradley, Arant, Boult Cummings LLP

**Panelists** *Chris Jacobs*, founder and CEO, Juniper Research Group

*Matt Gallivan*, director of health policy, Sen. Bill Cassidy (R-La.)

*John Walters*, vice president of governmental relations, ABC of Louisiana Inc.

Get the lowdown on what's ahead for health care reform and how legislative changes may affect the planning, design and construction of health care facilities in the foreseeable future.

### INDUSTRIAL TRACK

## Changing the Game: Advanced Work Packaging and Implementation of Workface Planning on Capital Projects

*Ile de France Ballroom II and III (3rd Floor)*

**Moderator** *William Clouatre*, senior industry executive

**Panelists** *Daniel Loup*, manager of project controls, Jacobs

*Andrew McCracken*, corporate manager, project controls, Turner Industries

*Chris Pulver*, senior construction manager

What if you had a project management “easy button” that would enable you to finish a project on time—with no injuries, known costs and a smooth startup? You can achieve all this with a planning process called Advanced Work Packaging (AWP). See what you can accomplish by using a process flow for construction, engineering and installation work packages from planning through design and execution.

9:45–10 a.m.

## Break

10–11:15 a.m.

## HEALTH CARE TRACK

### Don't Blink: How Technology is Changing the Construction Worksite

Ile de France Ballroom I (3rd Floor)

**Moderators** **Jack Darnall**, executive vice president, Brasfield & Gorrie LLC

**Ryan Wathen**, senior vice president, construction operations, Rodgers Builders Inc.

**Panelists** **Mary Collier**, regional VDC manager, Brasfield & Gorrie LLC

**Chris Giattina**, CEO, BLOX

**Brian King, AIA, LEED AP BD+C**, integrated construction manager, Rodgers Builders Inc.

Given the rate at which technology, automation and innovation are evolving, you may not be able to recognize the construction jobsite of the very near future. Construction professionals discuss the many new high-tech, automated, creative and innovative approaches to address the age-old challenges of health care construction jobsites.

## INDUSTRIAL TRACK

### Improving Project Execution From the Owner's Perspective

Ile de France Ballroom II and III (3rd Floor)

**Moderator** **Brian Stamper**, vice president of business development, Advantic LLC

**Panelists** **Peter Dumont, P.E.**, vice president, global strategic projects, Pentair Thermal Management  
**Michael P. Pappas, Ph.D.**, associate director, Construction Industry Institute

**Dr. Jorge A. Vanegas**, dean and professor, College of Architecture, Texas A&M University

**Charlie Wall, GEM**, Americas construction estimating, Air Products and Chemicals Inc.

Industrial construction continues to face many challenges. Developing relationships through proactive collaboration leads to successful projects and stronger relationships. Get insights on methods for continual improvement:

- Alternate contracting strategies, including integrated project delivery (IPD) and where it is being used in the industrial market
- Synergistic collaboration and how it improves safety, quality, schedule and project costs
- The real benefits of advanced work packaging, LEAN construction and modular/prefabrication and taking the time to systematically plan out the execution of the project.

11:15–11:30 a.m.

## Break

11:30 a.m.–12:15 p.m.

### General Session: Economic Outlook

Ile de France Ballroom II and III (3rd Floor)

**Speaker** **Anirban Basu**, ABC Chief Economist

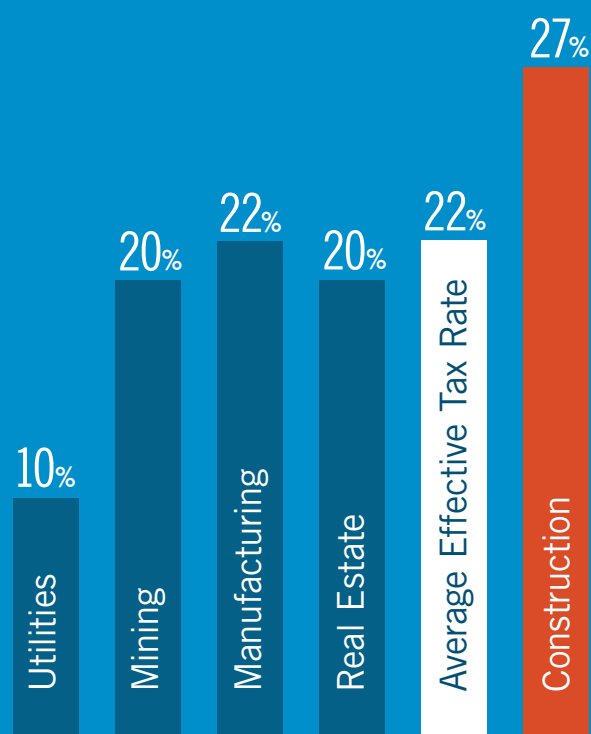

Get the latest economic forecast with a focus on the health care and industrial construction markets.

12:15–1 p.m.

## Wrap-up and Lunch

Ile de France Ballroom II and III (3rd Floor)

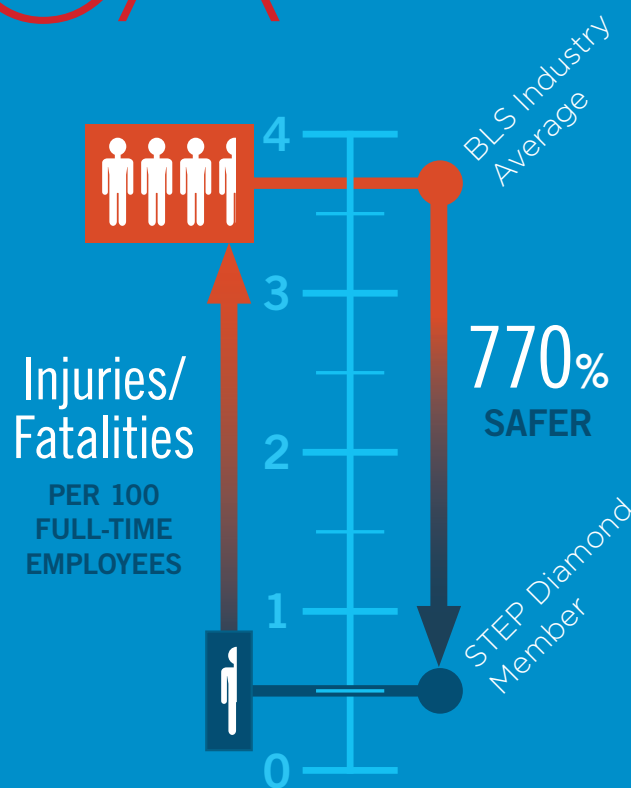

# ABC MEMBERS BUILD AMERICA

## PAYING MORE THAN OUR FAIR SHARE

The construction industry historically pays the highest effective federal tax rate of any industry in the U.S. economy.

*Treasury Department Effective Actual Corporate Tax Rates by Industry for 2007-2011*

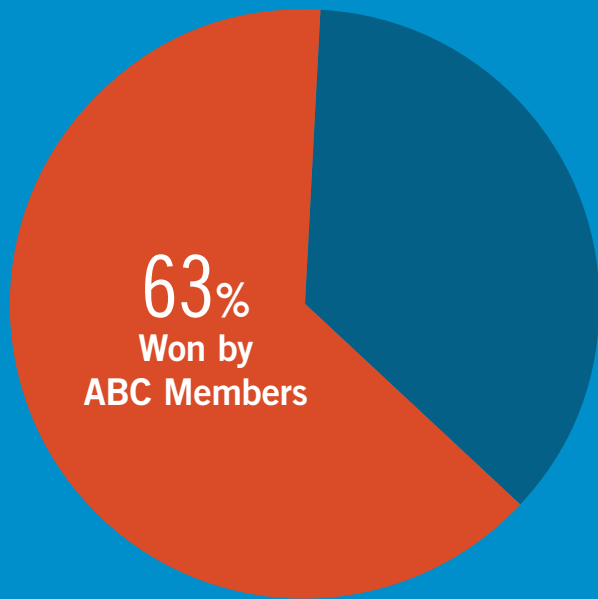

## IMPROVING SAFETY PERFORMANCE

Member companies that achieve the highest level of performance in ABC's safety program are 770 percent safer than the BLS industry average.\*

\* Based on analysis of the Total Recordable Incident Rates (TRIR) of participants in ABC's 2016 Safety Training Evaluation Process (STEP) vs. the Bureau of Labor Statistics (BLS) construction industry average.

## ABC MEMBERS BUILD AMERICA

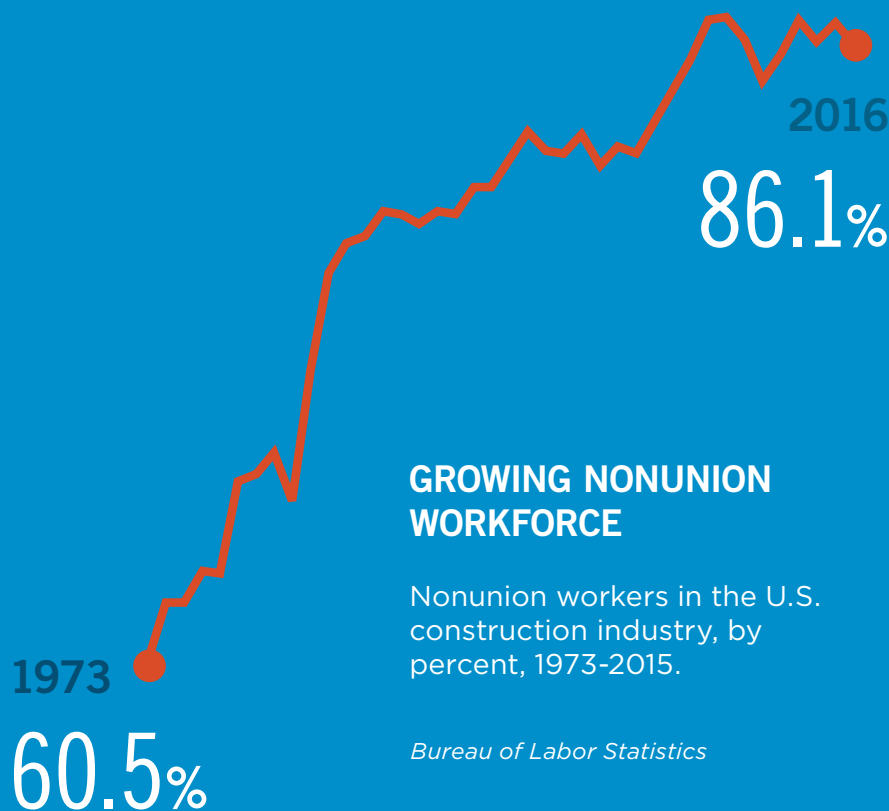

### COMPETING. WINNING. BUILDING.

From FY2009-FY2016, ABC member prime contractors won 63 percent of the total value of large-scale federal contracts subject to President Obama's pro-project labor agreement executive order 13502. That's 651 contracts valued at a total of \$41 billion won by ABC members.

*usaspending.gov*

- ▶ More than **21,000 member firms** representing all specialties within the U.S. construction industry, primarily those focused on the industrial and commercial sectors.
- ▶ Champions of **free enterprise** and **open competition** who are committed to delivering high-quality, safe construction projects that are awarded to the most qualified bidder based on merit, not mandates or political favoritism.
- ▶ ABC members **build our communities**—from schools and hospitals to military installations, industrial facilities, skyscrapers, professional sports venues and the play-ground down the street. We build the structures America uses to work, play, heal and learn.

### GROWING NONUNION WORKFORCE

Nonunion workers in the U.S. construction industry, by percent, 1973-2015.

“As an Accredited Quality Contractor, our company is committed to providing our clients with the highest quality construction services and we care deeply about our employees and the communities in which we build. We are proud to be part of the construction industry and are dedicated to the principle of free enterprise. We commit ourselves to serve our communities and to provide our employees with the skills they need to work safely and productively in order to meet the needs of our clients.”

**Associated Builders  
and Contractors, Inc.**

[abc.org/aqc](http://abc.org/aqc)

# DO MORE WITH ABC

Founded on the merit shop philosophy, Associated Builders and Contractors helps its members develop people, win work and deliver work safely, ethically and profitably for the betterment of the communities in which ABC and its members work. From best-in-class safety programs to educational events, accreditation and award programs, ABC has the solutions for merit shop companies nationwide.

## Here's a sampling of ABC's programs and services:

### Accredited Quality Contractor

The Accredited Quality Contractor (AQC) credential publicly recognizes construction firms that have documented their commitment in five key areas of corporate responsibility: quality, safety, employee benefits, training, and community relations and diversity. The program requires annual recertification. [abc.org/aqc](http://abc.org/aqc)

### Construction Executive

*Construction Executive*, ABC's award-winning magazine, is the leading source for news, market developments and business issues impacting the construction industry. Designed to help readers run more profitable and productive businesses, each issue reaches more than 50,000 contractors and construction-related business owners.

[constructionexec.com](http://constructionexec.com)

### Construction Management Competition

This hallmark competition promotes careers in construction management. The intense, two-day competition features teams of college students testing their skills in project management, estimating, safety, quality control and presentation skills. [abc.org/cmc](http://abc.org/cmc)

### Craft Instructor of the Year

Each year, ABC presents the Craft Instructor of the Year award to an instructor who possesses outstanding creativity, a positive attitude, and the ability to transfer knowledge through good communications skills and innovative teaching to promote lifelong learning to the future workforce. The recipient of this national award best embodies the merit shop ideals through superior effort and talent. [abc.org/cioy](http://abc.org/cioy)

### **Craft Professional of the Year**

ABC presents the annual Craft Professional of the Year award to an individual who sets a high standard for professionals in their craft by exhibiting outstanding skills and leadership. The recipient of this national award demonstrates a passion for the trade, takes pride in hands-on work, and appreciates the satisfaction of a job well done to benefit both the construction industry and the greater community. [abc.org/cpoy](http://abc.org/cpoy)

---

### **Diversity & Inclusion Summit**

ABC's Diversity & Inclusion Summit is a gathering of industry leaders and key stakeholders who understand the value of diversity in construction and whose goal is to help promote the association's mission within diverse groups. [abc.org/diversity](http://abc.org/diversity)

---

### **Excellence in Construction® Awards**

ABC's National Excellence in Construction (EIC) Awards program recognizes the industry's most innovative and high-quality construction projects across the nation. Firms are also honored with national awards for achievement in safety and diversity and the Contractor of the Year. Winning contractor firms are joined at an annual black-tie awards gala by their project team—owners, architects and engineers—to celebrate this prestigious achievement. [abc.org/eic](http://abc.org/eic)

---

### **National Craft Championships**

ABC's annual National Craft Championships (NCC) celebrates lifelong learning in the merit shop construction industry. Craft trainees from chapter and member training programs across the country compete for national recognition in 13 crafts in an intense two-day event during ABC Convention.

[nationalcraftchampionships.org](http://nationalcraftchampionships.org)

---

### **Peer Groups**

ABC's peer groups give like-minded business owners an environment conducive to sharing ideas and discussing opportunities and challenges—all with the goal of improving their businesses. Peer groups consist of six to 10 ABC member companies within a trade or interest area and with similar annual revenues. Members in the same peer group do not operate in the same competitive market, which fosters trust and an open exchange of information.

[abc.org/peergroups](http://abc.org/peergroups)

---

### **ABC Project Management Institute at Purdue University**

The ABC Project Management Institute was designed by and for today's contractors as an intensive management education program held at Purdue University in West Lafayette, Ind. The 80-hour program uses real examples and case studies to teach owners, managers and estimators to develop and utilize tools that will improve profitability and productivity and increase customer satisfaction.

[abc.org/pmi](http://abc.org/pmi)

---

### **Safety Training and Evaluation (STEP)**

Established in 1989, ABC's STEP program was developed and written by contractors, for contractors, to establish safety as a core value. STEP offers an organized approach for analyzing and developing company-wide safety and loss prevention programs that can reduce recordable incidents by up to 87 percent. [abc.org/step](http://abc.org/step)

---

### **ABC Users Summit**

The exclusive ABC Users Summit brings contractors and owners together for general sessions, networking functions and segment-specific breakout sessions where issues unique to the health care and industrial industries are addressed.

[userssummit.abc.org](http://userssummit.abc.org)

---

### **Young Professionals**

ABC's National Young Professionals Program gives young leaders the opportunity to network and build relationships with peers, industry experts and association leaders across the country, and to learn from different perspectives. Participants gain access to resources on industry trends and insight into the future of construction.
